Dear Parents of Brookes Moscow Lower School & Early Years,

RE: Brookes Plus Activities

The Early Years and Lower School team are delighted to share with you our arrangements for Brookes Plus activities which will begin on Wednesday 16th September.

Due to the recent pandemic and the subsequent guidance issued to our school by the authorities, we have needed to make some changes to our Brookes Plus in order to comply and ensure the safety and protection of everyone. At the moment we can not have any group gatherings or mix students from different year groups in any school organised activities with the exception of physical education. We must remain in our designated homeroom spaces for as much time as is possible. We will therefore be offering Brookes Plus in the Early Years and Lower School based upon a class by class system organisation. This also means that the school can not organise any external teachers to provide activities for students until the restrictions are lifted.

Our specialist teachers and homeroom teachers are delighted to be providing Brookes Plus activities on Wednesday and Thursday after school. This is on a rotational basis. The assigned teachers for each class are listed below.
